## Pleasure-Way Executive

Do you need more than a van conversion but not as much a fully equipped camper? The all New **Pleasure-Way Executive** is a new approach to building a multi-purpose Van.

Outside, the **Executive** sports an exterior which rivals most attractive van conversions. The sleek fiberglass top, custom paint and other exterior accessories set a beautiful standard of impeccable style.

Inside the rich van conversion feeling continues with comfortable seats, indirect lighting and even a built-in television. The **Executive** also has a complete package of standard livability features, including a refrigerator, 2 burner range and sink. The rear compartment contains clothing storage as well as a portable toilet.

See your dealer for complete information.

If you want a luxurious motorhome that can also serve as everyday transportation, **Pleasure-Way** is what you've been looking for. Bold and stylish **Pleasure-Way** is about the same size as many automobiles. City streets, parking lots and narrow roads that could pose as serious problems for a conventional motorhome are no problem at all for **Pleasure-Way**. On the highway **Pleasure-Way's** smooth, quiet ride and refined road manners will remind you of a fine luxury car. **Pleasure-Way** is an attractive, high quality, efficient motorhome which offers complete comfort and dependability. The aerodynamic body design with a sleek fiberglass roof minimizes wind resistance, providing fuel economy and easy handling. The interior design is spacious and complete with all the comforts needed for long distance travelling. All **Pleasure-Way** motorhomes are manufactured with the highest quality materials available.
